

the ledbetter ledger

Week of September 23

A Note from the teacher

We are continuing to have a blast learning together in D-208. It's hard to believe that it is already fall and October begins next week. With October comes a chance for us to get together and meet about your kiddo's start to fifth grade and progress so far. I will be using an online sign up again this year to sign up for a conference. Please sign up for a conference if your child is in my ELA and Math class. Otherwise, you will set up a conference with your child's ELA and Math teacher. I'll be in touch if there are special circumstances. Please be on the lookout for this Sign Up this week and sign up as soon as you can as I'll begin meeting with families later next week.

event calendar

Wednesday, September 25 – Numerical Patterns and Coordinate Plane Math Quiz

Thursday, September 26 – Books and BINGO, 6:30 – 8:00 pm

Friday, September 27 – Westward Expansion Midpoint Quiz

Monday, September 30 – Everyday Counts Number Routine Quiz

Tuesday, October 1 – Picture Day, Words Their Way Quiz

Friday, October 4 – Bruster's Rocket Ice Orders due

this week

Morning Meeting – This week are focusing on beginning each day with a positive thought.

Reading – This week in reading we are working on using the Somebody Wanted But So Then strategy to summarize a variety of texts. I am finishing up individual reading assessments and will begin conferring with each reader this week as well.

Math – In math this week we are reviewing and preparing for Wednesday's assessment on the coordinate plane and graphing number patterns on the coordinate plane. At the end of the week we will review place value through hundred billions.

Science – In science we are continuing to learn about earth's features including landforms and will specifically focus on landforms of the ocean later in the week.

Social Studies – This week we are continuing our study of Westward Expansion and the obstacles to this expansion and the conflicts settlers faced in their journey west.
